

## ACTIVITY ON TRANSPORT

Transportation is an important part of everyday life. Transport teaches children about different vehicles and how the vehicles work. An activity was conducted in Nursery class on “Modes of Transport” on 9<sup>th</sup> and 10<sup>th</sup> of April, 2019(Tuesday & Wednesday). Teachers provided all the crafty material to the students to make helicopter, bus, train and boat of all 4 modes of transport. Students displayed their craft work on floor. The students enjoyed a lot during this activity
